PRESIDENTS REPORT.

Another month has passed all too quickly. I think it may be that I am running to a very tight schedule to get my 233C dodge truck ready for the hauling the Hume run at the end of April. Every spare minute is taken up with the project.

I think it would be a good Club run to Gunning to see the trucks when they stop for lunch. This will be on Saturday the 22nd April and good viewing spots will be anywhere along the old Hume.

The run with the Albury Club to Tawonga was quite an experience. Our team of Peter and Sue, Mal and Linley, John and Joan and Ting and I all appeared in short sketches with our club or assisted with Griffith clubs sketch. WE did the argument sketch from Monty Python and it went over very well I thought. Food was plentiful, scenery excellent and company very good. At the games night on Sunday people wanted to drug test Ting as she seemed to be winning everything. Especially the limbo. Please consider this event for next year.

An event coming up but not on the back page yet is the Gold Trail Event at Murrumburrah on Saturday the 20th of April from 10am to 4pm. This was a good day last year so please try to come.

Another event at Harden will be on the Sunday of the long weekend in June, Sunday the 9th is the main day and it is to celebrate 100 Years since the birth in Murrumburrah of Ken Thomas. Ken was the founder of the TNT and there will be, we hope a large number of trucks at the showground to view. The event is being organised by the local Historical Society with assistance from the Harden Historic Truck and Tractor Club. Only trucks will be displayed but you can take a run over in your cars and make a day of it.

We welcome new Members Hugh and Karen McMinn to our club and hope you have a long and happy association with us.

All going well we have another vote at the next meeting as we have had an application from Joel Bartholomew to join.

Yours, Triumphfully. Tim.

CLUB CAPTAIN'S REPORT

Well members our Heritage Day is coming up on 19th May 2013. This is the day that we encourage everyone to get out and about. Last year we had 12 vehicles and 21 members. Our club has over 150 members and more than 70 vehicles on club rego.

This day is the one that is set aside for all historic cars to be out on the road – so how about making an effort and charging up the Batteries, checking the Tyres and bring out as many Club Cars as possible, especially some of the ones that we don't normally see on our club runs during the year.

LETS MAKE IT A BUMPER DAY!

The run will be to Wallendbeen, for Morning Tea then to Roberts Park, Murrumburrah for Lunch and return home at your leisure.

When you can't change the direction of the wind --- Adjust your Sails!

Questions – **See how you go with these** - 1) Carriue means :- relating to which animal ?
2) Name the Heaviest Organ of the Human Body ?

Lord – Keep your arm around my shoulder - and you hand over my mouth.

EDITOR'S REPORT

Hi everyone – it's time for another Magazine, gee the months pass by very quickly !
The articles and photos in the last magazine were received very well, with much interest being shown in them – thank you for your feedback.

Apparently I don't yet have this job by the short & curly – it was pointed out to me that I had spelt quite a few names incorrectly, if you were one of these people I am very sorry and this month I will try again !

It doesn't stop there – *oh no* – at the March meeting it was brought to my attention that in my article on the Australia Day Celebrations, I reported on all aspects except the most important one to our club, so here we go – Our illustrious Past President, and current Vice President, Paul Andreatta, was the appointed spokes person for Woolworths on the day and meet all the right people and also had breakfast with them, very well done Paul. Paul also gave a speech on behalf of Woolworths and a very good job he did too, when he was introduced the MC said, as this was his first time at something like this, he was a bit worried, well, when he got that Microphone he didn't show any nerves at all, he not only spoke for Woollies but also gave our Club a very good wrap - well done Paul, we were proud of you !

Hope you enjoy this magazine – see you next month ---- **Betsy**

EVENTS DIRECTOR'S REPORT

March has been another good month with heaps of things on – some weekends with many runs on the same day, this makes life difficult.

Betsy and I went to Gundagai Show and the mid week run to Junee liquorice & chocolate factory, just to mention two and both of them were very enjoyable. There are write ups for runs to read.

April is shaping up for another busy time.

Till next month - Yours in Vintage Motoring ---- **"Harro"**

GUNDAGAI SHOW

Three cars left Coota at 9am, going to Gundagai for a day at "The Show", they were John & Joan Collins in VW – Geoff & Barbara Armour in VW & Ken & Betsy Harrison in their Humber.

Thank goodness John Collins was in the lead as he guided us to the display area, twisting & turning around Displays – Horse Floats and Horses right around to the parking area set aside for us. Then we went upstairs to the newly renovated show club rooms, where the Gundagai members had a fantastic Morning Tea ready for us. There was Tea & Coffee and sandwiches – cakes and slices.

Betsy & I couldn't believe the amount of horses & floats that were there – we have been to Sydney Royal Easter many times and haven't seen as many there.

Robert & Miriam Bradley were already there & had driven their Lagonda, then during the morning Ken & Lorna Frost came in their Austin A 30 and Peter & Sue McCarthy arrived in their Triumph. Later we saw John Milnes driving around the car park, next Geoff brought him & Sylvia up to join us, they had come in on their own and without guidance got a little miss placed.

Betsy & I went over to have a look at the craft & cooking etc in the display pavilion & we were taken by the display that the Gundagai car club had done to advertise their club – it was excellent.

After more eating & talking & checking out the cars from various other clubs - the Wagga club also, Yass – Canberra and the Mini Club just to mention a few.

Now it was time to leave and John Collins suggested a different trip home, so John & Joan were followed by Geoff & Barbara – Peter & Sue and Ken & Betsy, along the river a back way to Colac where we stopped to have an ice cream but the little shop was *closed- what a shame*.

Peter & Sue left us here and the rest of us made our way back to Coota.

It was a great day, the weather was good, the event was good and the company was very good.

A big Thank You to John & Joan for the drive home, as you know we are new to the area, John often takes us on different roads so we can see the country side – *it is great*.

Ken & Betsy Harrison

OUR FIRST MID-WEEK RUN FOR THE YEAR

This was to the Licorice & Chocolate Factory in Junee.

Four cars met at Apex Park, Joan & John Collins in their VW, Alan & Jill Thompson and a friend in the Studebaker, John & Maureen Simpfendorfer in their modern and Ken & Betsy Harrison in their Wolseley. We travelled together and arrived at 11am. We were shown to our table and ordered lunch, while we were waiting we had a look around. What a large facility and a lovely outside area which would hold a big crowd. We all agreed that it would be a great place for our Christmas party, we will bring this up at the next meeting.

We had a very nice meal and of course a *chat* and at 1pm we were taken on a tour of the factory.

Our guide was a very nice young lady who explained all about the chocolate & licorice making process. They are the only organic manufacturers of this product in Australia. There were samples to taste all through the tour – *very Yummy !*

We played a game of licorice Ten Pin Bowling, using an original Wheat Shoot as the alley, Alan Thompson & John Collins - John & Maureen Simp - Jill & Alan - Joan Collins & myself had a go and thanks to Joan we came out the winners . The “Bowl” being a round piece of licorice which was quite heavy as a lady found out when it hit her foot – *Not Happy Jane !*
We then purchased some goodies and drove home after a lovely day.

Ken Harrison

SCROUNGED FACTS & GOINGS ON

“Where are the others?” . . . Only one lone arrival at the Morning Tea destination of the Run to Temora, Sunday 24 February. A little rain at the Cootamundra Departure Spot sent starters home. Running late, Neil drove straight to Temora, solo. Members must have been frightened off by a little rain. At least you got the **Statesman** washed, **Neil**.

We have another Bikey in the club. An existing member has picked up a 1978 Suzuki 100. He has already started to work on it. The new shed is filling up fast.

IT'S NEVER TOO LATE TO BE WHAT YOU MIGHT HAVE BEEN.

THE MAN THAT LIVES ON MEMORIES BECOMES **OLD**.

THE MAN THAT LIVES ON PROJECTS REMAINS **YOUNG**.

Very collectable item for 2043 : New McCLAREN P1

Only 375 to be made at Surrey, England. 23% faster than the F1 car with a top speed of 350 k/h. Zero to 300k/h in less than 17 seconds and 5 secs faster than F1 car.

The price is only \$1,274,000.00. For this money you get a mid-mounted, twin turbo charged 3.8 L V8 engine with additional electric motor to drive you on short trips of up to 20kms.

Please note that production has started on this car and may be viewed at the Motor Show in Germany.

Our club volunteers to deliver **Meals on Wheels** when needed.

For April 20 & 21 it's Chris and Heather Cooper – quiet members, who twelve years ago, were saving up a 1983 ALFA ROMEO GTV for its 30th Birthday. Its time has arrived, Chris.

Alan Thompson was taken for a ride -- in a V8 race-car -- around Wakefield Park.

Michael Bickford gets his nephew to do the work on his 1938 AUSTIN.

Lotsa **snakes** out and about this past summer . . . in our sheds, too

Bundarbo Street, Harden -- **snakes** spotted in President's shed and Gary Webb's.

Ray Douglas has done some work on Gwen's **P76**.

P76's have their big 40th Birthday Rally in June.

John Hambrook sold a P76, recently.

Doug Wright has been to an antique boat show in Tasmania.

Being a member of a **VW Club** can have benefits. Geoff & Barbara scored a free flight at Wagga City Aero Club when the VW Club visited.

Some time before 2003 a mechanic left a big spanner on top of the motor in a Volkswagen Beetle.

In 2003 - Geoff Armour bought **that** VW Beetle . Drove thousands of miles. Ten years later, in 2013 -- Geoff discovered the spanner – still sitting on top of the motor! **TRUE!**

LOCHHART HISTORIC TRUCK SHOW & ANTIQUES

John, Sylvia, Barbara and I had a great day going down to the Lochhart Truck Show & Shine market Day. Not sure what to expect when arriving in the main street of Lochhart we parked our modern cars and set out walking half a block to what is called "The Verandah Markets". There were stalls lining both sides of the street with a variety of item for sale or sampling.

To make movement easier between the street markets and the Truck Show & Shine display a bus ran at no cost from the markets to the show ground, coming and going all day.

There was an interesting display of old trucks from the 1920-30's as well as antique cars from Wagga Wagga Car Club. As a running site there was a collection of old stationary engines popping away gaining interest from the public. One piece of equipment was an engine function drag saw cutting logs which was safer to operate than the circular saw which over the years had killed a number of people with the saw jamming, coming free hence hitting the person trying to free the jam. Local's said that truck numbers were down because of the floods last year which meant there was a 2 year gap, and another truck show down near Melbourne the same weekend.

The weather moved into the mid 30's in the afternoon, so it was time to head for the shade out with the chairs, sit and enjoy afternoon tea. Again it was an easy run home after an interesting day in Lochhart

ILLABO - MEETING

Sunday 17th February, John Simpfendorfer & myself went to Illabo showground to check out the demonstration run for the proposed Speedway application by Junee Historic Car Club to Junee Council. They also had a Tractor Pull and a Show & Shine, with a good display of Cars & Bikes. There were quite a lot of spectators, also from our club was John & Freda Hambrook. The Junee council was represented by 8 councillors . There was also a good turn up of neighbours from the area being concerned about the Noise & Dust problems this could cause

The proposed track is to be established further over from the showground ring, as you know it is right away from any residents. I doubt very much if noise would be a problem and the dust is to be controlled with Watering and a Special Surface on the track which should take care of that.

The car club invited the Speed Cars & Bikes to put on a demonstration. There was Graham Campbell from Coota in his Historic Speed Car , Bob Sutherland & young Nick Grentell & another chap from Wagga on Long Track Speedway Bikes doing their best.

Apparently the council representatives were impressed & thought there was a possibility of it coming through with the correct application being submitted .

Unfortunately on the other side there were closer residents who weren't as keen and this could be a stumbling block, but with a little bit of luck, this project could get off the ground and give the area another attraction.

I am personally all for this endeavour and hope it eventuates.

Best of luck to the Junee Historic Car Club ***Harro***
